

SPRING JUNIOR LEAGUE

AT MILL RUN GOLF CLUB

We invite your child to participate in our upcoming “Junior League” golf program. This is a fun and safe environment for young athletes to develop golf specific skills and to learn to appreciate the many joys derived from playing the game of golf. The league is always very popular, and we encourage your child to come out and try it.

Participating athletes will enjoy time outdoors in a beautiful environment in the company of other young players. They will also benefit from the leadership of our team of golf coaches who oversee the program and ensure that everyone involved is having fun and learning about the game. Junior League players benefit from quality instruction, genuine camaraderie, and exposure to a game they can play for the rest of their lives.
